

# AUTONOMOUSLY NAVIGATES TO AND INSPECTS FIRE EXITS AND FIREFIGHTING EQUIPMENT

ORACLE<sup>®</sup>

Validated Integration

Oracle Hospitality

*Navigates along a pre-determined route throughout the entire property, riding elevators by itself*

*Sends time and date stamped images offsite as proof of compliance*

*Uses AI to identify potential issues*

*Notifies central monitoring center of potential issues for further evaluation*

*Provides a live video feed for evaluation by monitoring center*

*Advises on-property management of genuine issues*

*Operates 24/7/365 and is self charging*
